“Zondervan” is a publishing company that prints copies of the Bible in chronological order. Several other publishers do as well.

“Borg” is Marcus Borg and the order is taken from his book, “Evolution of the Word”

“University” is a major theological school. I took this from their dean’s writings, but he asked not to be named because his study of this is ongoing and he doesn’t need social media “experts’ coming at him over this or that date.

The same with “Scholar1” and “Scholar2.”
